CK Products Mission Statement

CK Products is a wholesaler to the industries of candy making, cake decorating, and commercial baking.

Our goal is to be a leader and the “gold standard” in our industry.

We are an organization built on integrity, trusted and respected by our employees, customers and suppliers.

CK Products is committed to providing our customers and the end consumer with quality products, innovation, support, creativity, responsive and knowledgeable customer service.

January 2010

Dear Valued CK Products Customer,

We hope you find our 2010 – 2011 catalog a helpful and easy-to-use tool. This year’s catalog is packed with everything you need for the art, craft and business of cake decorating and candy making.

This catalog is filled with well over 11,000 items that are designed to stir creative ideas, while meeting and exceeding your expectations for creative solutions, colors, shapes, variety, packaging, package sizes, unique flavors, taste, and quality.

As you know, product development and creativity in our industry is similar to the fashion industry. Things change fast...so if you don’t see what you are looking for in our catalog, please visit our website at www.ckproducts.com. It is updated daily with new products, offers, and services to help support your baking, cake decorating, and candy making needs.

CK Products is well positioned to support any and all of your project needs regardless of size and level of detail. If you don’t see something you are looking for please don’t hesitate to give us a call at 888-484-2517 or drop us an e-mail at mail@ckproducts.com and we will do our best to service your needs.

Your business is important to our organization.

We are thankful and appreciate the opportunity to service your needs in the future.

Best regards,

A handwritten signature in blue ink that reads "Steve Burdick".

Vice President / General Manager

POLICY & PROCEDURES FOR DAMAGES, RETURNS, AND SHORTAGES, ETC

Please report all damages, shortages, shipping errors to **CK** via mail, phone, fax, or email upon discovery, within 5 days of receipt of merchandise or invoice.

DAMAGES

• Shipments via UPS/FEDEX Ground

If the shipment contains cartons that are obviously damaged, open, resealed, or reboxed, please refuse the suspect cartons and notify CK Products. You may accept the other cartons in the shipment and refuse only the cartons that are damaged, open, etc. Report "concealed" damages to CK upon discovery. We will contact the carrier to arrange for an inspection of the damage at your location or have the carrier return the carton to us for inspection at our location.

NOTE: you **MUST** keep the original shipping cartons (with shipping labels intact) and the packing materials for any claim to be honored until an inspection has been performed or you are instructed otherwise by CK personnel.

We will issue you a credit or replacement and start claim proceedings upon notification that a damage has occurred.

• Shipments via COMMON CARRIER (TRUCK)

Damages and carton shortages must be noted on the freight delivery receipt. Count the cartons and inspect the shipment carefully **BEFORE** signing the freight delivery receipt. Request that the driver note on the freight receipt any discrepancies or damages **BEFORE** paying or signing the freight bill. Claims for shortages or damages must be filed with the carrier by you if the shipment came "freight collect." **DO NOT DEDUCT FROM CK INVOICE.** Request a claim form from the carrier's local office. CK will file claims for shortages or damages on "prepaid" freight shipments. Please forward the delivery receipt (with the driver's notations) to us to process your claim. We cannot process your claim for damaged or missing cartons on common carrier shipments if no notation is made on the delivery receipt about discrepancies or damage.

PLEASE COUNT YOUR CARTONS AND INSPECT YOUR SHIPMENT BEFORE YOU SIGN THE DELIVERY RECEIPT.

SHORTAGES, OVERAGES, or ERRORS

Please report shortages, overages, incorrect or defective merchandise to CK upon receipt of the invoice. Credit or replacement merchandise will be issued once the claim has been processed. Authorized Return Service (ARS) tags will be issued for any overages, defective items, or items received due to a CK error that you do not wish to keep. Please pack items being picked up by ARS carefully so damage does not occur during the return.

RETURNS

We cannot issue ARS tags for items received due to **YOUR error** in ordering or that you do not like upon receipt. These items (**except FOOD PRODUCTS**) will be accepted for return and credit at your expense. Please pack returned items carefully within another carton (where applicable) to avoid damage during the return. Returned items must be in the original condition and packaging and received by us in a salable condition to be eligible for credit and must be returned within 30 days of purchase. A 15% restocking fee will be charged for qualifying customer returned items. Unacceptable returns will be returned at your expense or destroyed.

NOTE: FOOD PRODUCTS (other than CK error) MAY NOT BE RETURNED, so please order carefully.

****SHIPPING CHARGES: FOB POINT OF ORIGIN:** Charges for UPS/FEDEX Ground shipments are based on UPS/FEDEX Ground published rates and restrictions. Post Office shipments will be assessed a handling fee in addition to postage for delivery to the Post Office. Non-standard pack items (pails & cake boxes) shipped via UPS/FEDEX Ground will be charged an additional handling fee. All orders being expedited will be charged a Next Day or 2-Day Air charge. This charge must be approved by the customer prior to shipping.

****PICK UP ORDERS: 48 HOUR MINIMUM ADVANCE NOTICE REQUIRED (CK Products and CK South)**

Please call or fax your orders **Two Business Days BEFORE date of pickup** to avoid long delays or disappointment. Advance notice times may vary based upon location and season. Please inquire when placing your order.

****RETURNS & SHORTAGES:**

We do not sell on consignment. **EDIBLE** products may **NOT** be returned (unless incorrect items were shipped by CK Products). Shopworn, priced, loose merchandise not in the original container, or merchandise over 30 days old (from invoice date) may **NOT** be returned.

FOOD PRODUCTS AND OTHER HEAT-SENSITIVE ITEMS SHIPPED DURING THE SUMMER MONTHS ARE SHIPPED AT THE PURCHASER'S RISK AND ARE NOT GUARANTEED AGAINST WEATHER RELATED DAMAGE (MELTING OR DISCOLORATION).

Unacceptable returns will be returned at the shipper's expense or destroyed. Acceptable returned items are subject to a 15% restocking fee. Shortages must be reported within 5 days after receipt of merchandise. Please check carton & packing materials carefully as small items can easily be overlooked. Please pack returned merchandise carefully. Returned items must be received back in salable condition for credit to be issued.

****PRICING:**

Orders are accepted on the condition that they are billed at price prevailing at the date of shipment. Prices are subject to change without notice.

****BACKORDERS & STOCK OUTS:**

Items that are temporarily out of stock are **NOT** backordered unless specifically requested at the time the order is placed. Backorders for less than \$25 are automatically cancelled. Please re-order. Unshipped backorders will be cancelled after 30 days unless an extension is requested.

****Fountain Troubleshooting:**

Please try these tips when a fountain does not appear to work properly:

****Fill the fountain with water before turning it on.**
Running while empty will burn out the motor.

****Adjust the water flow.**
Turn the piece that adjusts the flow to help increase or decrease the flow rate.

If the fountain does not function after you try these, please call for assistance.

DECORATING TOOLS

CK Precise Plastic Tips are made from a high quality plastic which will not bend out of shape. They fit most standard couplers, are dishwasher safe, don't rust, and are resistant to food stains. Because the plastic tips float, they are less likely to go down the drain or get into garbage disposals. If you use tips when working with candy coating, you will find the candy does not set up as quickly as it does in a metal tip. If it does set up, just microwave a few seconds to warm. These plastic tips have been tested and used by expert cake decorators.

Pink Garland Markers

Set of 2: 8-9", 8-10"

Divides a true 9" or 10" round cake into 8 evenly spaced sections. Place marker on side, slightly below the top of cake and press lightly. Cakes tend to shrink when baked. Adjust by overlapping top prong hole of previously marked section or move slightly to adjust. Continue around cake. Use any star tube for zigzag garland or create your own ideas for easy draping. Try the 8"-9" marker for a 10" tube pan...most are narrower across the bottom.

Cake Marker & Garland Designer
The tool will perfectly center cake tiers and will also allow you to perfectly space swags for the side designs. Your swags will be consistent and even! Use the marker on buttercream that has formed a crust, or on a cake just covered with fondant.

TEXTURE SHEETS

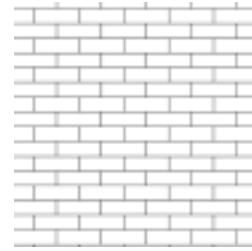

Add texture and dimension with these thin, flexible sheets. Create impressions in gingerbread, fondant, buttercream, and chocolate! One side creates raised designs while the other will make inset designs. Instructions included. Texture Sheet size: 21 x 23"

Instructions for using Stencils to Create Shaped Pieces

1. Lay chablon on chocolate transfer sheet.
2. Pour approximately 2/3 pound melted candy coating or melted and tempered real chocolate over the chablon, filling the first row on two sides.
3. Smooth with a confectionery blade or other straight edge, spreading at an angle.
4. Slide transfer sheet with chablon onto a cookie sheet and place in refrigerator for 5 minutes.
5. Invert and remove transfer sheet.
6. With gloved finger press gently to remove chocolate pieces.

These stencils can be used with cooked sugar to produce beautiful, glass-like pieces to decorate a special cake or dessert.

Direction for Decorating Butterfly Pantastic Pan (49-8123)

Follow cake mix or recipe instructions. Grease & flour pan, fill 2/3 full.

Standard Oven

Place pan on a shiny cookie sheet and bake according to mix instructions.

Microwave

Microwave for about 6 minutes, rotating every 2 minutes (microwave times may vary).

Cool cake 5 minutes in pan. Release from pan and cool on a rack or towel. Cool cake completely, position on square cake board (22-11212).

Wash pan in warm sudsy water using soft brush.

- Use clean, dry pan to make candy molds of body and outer wings only. Melt cocoa-lite (70-2100), yellow (70-2350), and orchid (70-2650) candy coating in separate dishes in microwave in 30-second increments, stirring every 30 seconds until melted. Pour into pan and place pan in freezer for 5 minutes or until candy is set.
- Frost cake smooth with buttercream icing (77-660).
- Using a standard coupler (30-1000), decorating bag (31-55), and CK Precise Plastic Tip 2P-2, create your own lead design for a stained glass look with black buttercream icing (77-6601)...allow to dry for a crust.
- Use CK Write on Gel colors sky blue (77-2272), green (77-2339), red (77-2550), orange (77-2388), and yellow (77-2647) to fill in each pane.
- Use CK Precise Plastic Tip 2P-8 for elongated ball border with buttercream icing (77-660)
- Position molded candy pieces on cake.
- Use CK Precise Plastic Tip 2P-4 for antennae with green buttercream icing (77-6603).
- Use CK Precise Plastic Tip 2P-2 for trim around body with black buttercream icing (77-6601).
- Use CK Precise Plastic Tip 2P-6 for elongated ball with buttercream icing (77-660) on top edge of cake.

Silikomart moulds can be used in the refrigerator, freezer, conventional or fan assisted oven, or the microwave.

Silikomart moulds carefully reproduce all of the fine details onto the finished cooking.

Moulds do not require to be oiled, buttered or greased prior to use.

Silikomart has designed a removable support ring that holds your mould steady and lets you move it safely, easily, and without spillage, even when full. The ring is made from a special type of fiberglass and is patented as the only mould support that can be fitted and removed whenever you need.

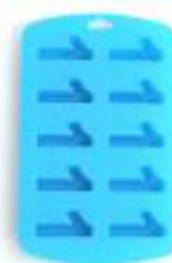

Sillycone products are made from food grade silicone that can be used for baking, ice, gelatin, ice cream, as well as for craft projects. Each tray has its own unique vibrant color with ten cavities. Tray size 8 x 5 x 3-3/4." Individual molds measure 1-3/4 x 1-1/8 x 3/4." Oven-safe to 500 degrees F. Freeze to -50 degrees F.

SUGAR COOKIES

1 1/2 c. powdered sugar
1 c. margarine
1 egg
1 tsp. vanilla (item #42-108)

1/2 tsp. almond flavoring (item #42-308)
1 1/2 c. flour
1 tsp. baking soda
1 tsp. cream of tartar

Cream margarine and add sugar gradually. Add eggs and flavorings; beat well. Add dry ingredients and mix on low speed until blended. Chill. Roll dough directly on cookie sheet. Cut out desired shapes and remove excess dough. Bake for 5-8 minutes at 375 degrees until cookies are lightly browned. Remove immediately from cookie sheet and place on paper towels to cool. Ice with buttercream icing (item #77-660) and decorate as desired.

Chablon Silicone Stencils

To Create Shaped Pieces

1. Lay chablon on chocolate transfer sheet.
2. Pour approximately 2/3 pound melted candy coating or melted and tempered real chocolate over the chablon, filling the first row on two sides.
3. Smooth with a confectionery blade or other straight edge, spreading at an angle.

4. Slide transfer sheet with chablon onto a cookie sheet and place in refrigerator for 5 minutes.
5. Invert and remove transfer sheet.
6. With gloved finger press gently to remove chocolate pieces.

Truffle Sandwiches

1. Create shaped pieces following directions above.
2. Pack truffle mixture in pastry bag fitted with a #21 tip.
3. Pipe truffle mixture on top of one shaped piece.
4. Place a shaped piece on the piped truffle mixture.

(See the Silicone Stencils on page 66, item #s 45-101, 45-121, 45-141)

Create patterns on your chocolate creations with these chocolate transfer sheets! Just put melted chocolate against the thin flexible sheet and let set. When you peel the sheet away, the colored design will be left behind on the chocolate. Great for filled chocolate pieces, cake accents, and much more. Each package contains 10 transfer sheets.

Tips and Care for Chocolate Molds

Chocolate molds can be used many times if cared for properly. Wash molds in warm water only (do not use soap and do not place in dishwasher). Dry thoroughly before reusing.

Never store with a rubber band wrapped around molds...this will warp the mold and you will be unable use them.

These molds can also be used for wax candle making, ice, plaster of paris & other craft projects.

CK CHOCOPICK MOLDS

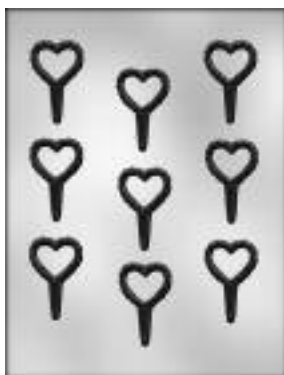

A wonderful alternative to plastic picks!

The chocolate picks:

- are completely edible
- can be made in any color
- reduce plastic inventory

Some of our "Chocopicks" are fragile and must be lifted out carefully. Fill mold cavities generously for a strong pick.

COOKIE-MAKING WITH CK HARD CANDY/ COOKIE MOLDS

Make a good roll-out cookie dough. Spray Hard Candy mold cavities with cooking spray. Push dough into mold cavities and place cookie-filled molds on an aluminum cookie sheet. Bake on top rack at 325° for 8-10 minutes. Cool slightly before removing cookies from molds.
Cookie recipes available on request.

HARD CANDY MADE WITH CK HARD CANDY/COOKIE MOLDS

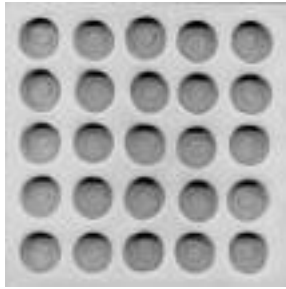

Spray desired Hard Candy mold cavities and the inside of a candy funnel (including stopper) with cooking spray. Make a batch of hard candy using CK Hard Candy Mix #75-4301, following directions on package or your favorite recipe for rock candy. Pour hot syrup into prepared funnel with stopper covering hole. Slightly lift stopper to let proper amount of hot syrup flow into sprayed cavities of mold. If making hard candy suckers, immediately put stick in place before syrup begins to set up. Let cool to room temperature. When syrup cools and candy is hard, release candy from mold.

TIPS and CARE

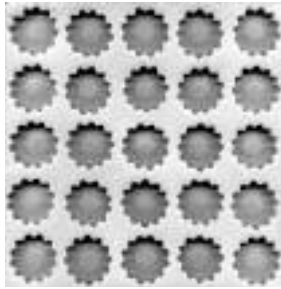

Wash in hot water...avoid soap on any mold. It will reduce the shine appearance of the finished product. Molds may be used many times.

FLEXIBLE MOLDS

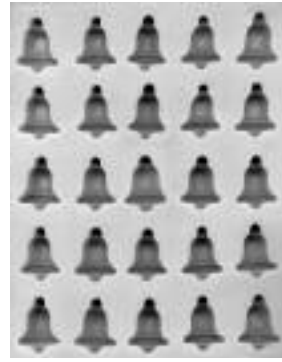

Flexible molds may be used for molding:
 Cream Cheese mints
 Butter mints
 Chocolate
 Rolled fondant

Easy Choc Molds

Silicone molds (similar to Siliconflex pans) are made for use with chocolate but can also be used with hard candy, cream cheese mints, and more. Pour the candy in the mold and, once set, remove by turning upside down and pressing each thin flexible cavity. Each mold has 15 cavities.

CK Custom Business Card Logo Molds

These molds are designed to make chocolate business cards that will fit in any of our standard business card packaging.

- 84-158 clear/clear jewel box
- 84-29800 clear/gold jewel box
- 87-C8700 clear folding box
- ModPac window boxes 86-1945, 86-1952, 86-1809, 86-1810, 86-1946 & 86-1948

Artwork must be emailed in one of the following vector formats:

- Adobe Illustrator .EPS or .AI or PDF (if true vector) for PC.
- CorelDraw .CDR
- AutoCAD .DXF or .DWG

(Bitmap or raster art files such as .BMP, .JPG & .TIF are usually not desirable for producing the best quality molds.)

Once we have the correct artwork, we can produce a virtual digital model and email it for approval.

Call and speak to the Custom Design Department at CK Products (North) for more information or to order your custom logo business cards!
